

Manuscripten! 

Breslau 27 Feb. 1848.

Ich habe die Ehre anzuzeigen
Ihren manna mannae Schriften über
Embryology to schicken. Und jetzt bin
ich so froh Ihnen eine Liste anderer
Schriften die ich ausgeben habe
zu senden. Auch sende ich hiermit
~~the~~ copy of part of a Testimonial
given me on a former occasion
by Professor Owen of London, and
one this day written by Professor
Purkinje.

I take the liberty of
sending these documents in order
to be enabled to ask the favour

of a Testimonial from yourself,
for which I should feel exceedingly
obliged. The Chair of Physiology
in the University of Edinburgh
is now vacant - and it is with
the view of offering myself as a
Candidate for the appointment
thereto that I make the present
application.

I may add that the
Testimonial from Prof^r Owen
is the more important from
my having had very frequent, and
for a considerable period constant
opportunities of placing the

objects under the microscope
before him - so that he is
in a condition to form a
very decided opinion as to
the accuracy of my
delineations.

I have the honour to
remain
very respectfully

and sincerely
yours

Martin Barry F.R.S.

Excuse this partly German partly
English letter -

My address is

Dr Martin Barry
Hotel Stadt Gotha
Dresden
—

Be pleased to write for me not
with German, but with Latin
letters (Buchstaben)

It would be esteemed an
additional favour if the
asked for testimonial were
sent me in a post or two
— or as soon as convenient.
